**8, Saboo Siddik Polytechnic Road, Byculla Mumbai-400 008**

### **Computer Engineering(Unaided)**

Title of The Activity: FUSION 2K24

FUSION 2K24, a state-level technical extravaganza, unfolded with a range of engaging activities orchestrated by the collaborative efforts of the Department of Computer Engineering, Unaided Section, and the Artificial and Machine Learning Department. **The event, held under the auspices of Hertzsoft, featured diverse elements such as a workshop, technical quiz, and a seminar.** Furthermore, it is noteworthy that FUSION 2K24 received the esteemed approval of the Indian Society for Technical Education (ISTE), adding a layer of recognition and credibility to the event. The endorsement by ISTE signifies the alignment of the event's objectives with the broader educational and technical standards, enhancing its standing within the academic community. This recognition from ISTE further underscores the significance and impact of FUSION 2K24 in the realm of technical education and innovation.

#### **Workshop on Data Visualization**

The workshop on data visualization, held on 21st Feb, was led by seasoned professionals—Ms. Sana Shaikh, Ms. Shainila Shaikh, and Ms. Sejal Chopra. Participants delved into the intricacies of visualizing data, gaining valuable insights from the expertise of these accomplished individuals.

#### **Conclusion**

In conclusion, FUSION 2K24 stands as a testament to the synergy of academia and industry, providing a platform for participants to delve into the realms of data visualization, technical prowess, and the transformative power of artificial intelligence. The collaboration of departments, seasoned professionals, and diligent organizers culminated in an enriching experience for all involved.
